Meeting Minutes

Approval of Minutes

- The minutes of the previous meeting, March 3rd 2026 were approved.

Project Evaluation Criteria (Discussion)

- Continued discussion on defining technical criteria for projects under SDV WG purview, following a request from the Steering Committee.
- Key points:
 - Need to establish clear, technically grounded criteria for evaluating projects
 - Recognition that previous discussions require further consolidation and direction
 - Importance of aligning criteria with SDV WG goals and ecosystem structure
- Discussion included:
 - How to progress the topic effectively and move toward a concrete proposal
 - The need for coordination with the Steering Committee
 - Request to provide a communication update via the Steering Committee mailing list

Outcome

- Agreement to continue refining technical evaluation criteria for SDV WG projects.
- Action to provide an update to the Steering Committee on progress and next steps.
